

The Covid-19 (Omicron Variant) is steadily increasing and with this escalation of the virus, we need to revise the safety plan for our parish.

Starting Saturday; January 15th, all people attending church will be required to show proof of vaccination (paper or phone app- Vaxpass), wear Masks at all time during the liturgical celebration and social distance at all time. Any person with a medical exemption must show proper documentation.

To facilitate this process, we will be beginning registering with proof of vaccination (paper or phone app-Vaxpass) during our weekend Masses of Saturday January 8 and Sunday January 9th respectively.

However, the Official implementation of the proof of vaccination (paper or phone app-Vaxpass) will take effect on the 15th of January.

Thank for your understanding.
